Conference was really exceptionally well organized. I am going around the word already 30 yrs in conferences - and might say that I have seen ... a lot. I really enjoyed this conference. Your help was exceptional and valuable. Almost two yrs of interaction between us and every went smoothly. All best to you, personally. Hope to see each another on one meeting.

**Serban San-Marina**, *Biostatistix, Toronto, Canada*

I would like to take this opportunity to extend to all organizers of the 2nd World Congress on Otolaryngology, Rhinology & Laryngology held on September 19-20, 2022 in Paris, France, my sincere congratulations for a job well done! The conference facilities were excellent and the staff and hotel services were first class. The organizers had assembled a wide array of presenters from many ENT subspecialties and their presentations were received with great interest by the audience. All in all it was a great end-of-summer, back to work experience and I am looking forward to the next installment of this prestigious international congress.

**Victoria Al Karaki**, *Eye and Ear Hospital International, Holy Spirit University of Kaslik, Lebanon*
